

OFS Announces Over One Million FTTH Installations

Connected Britain 2022, Stand 56, London, United Kingdom, 20. September 2022 – OFS is pleased to announce over one million indoor and outdoor FTTx installations globally with its InvisiLight® Optical Solution. Virtually invisible to the eye, the InvisiLight Solution has evolved into a complete plug-and-play system to deploy fiber in buildings to and within living units or offices delivering aesthetically pleasing broadband connectivity for building owners and tenants. The portfolio includes industry-leading EZ-Bend® (G.657.B3) fiber with a 2.5mm bend radius.

The InvisiLight Solution will be on display at Connected Britain at the Business Design Centre, London from 20-21 September, or contact your OFS representative for more information.

About OFS

OFS is a world-leading designer, manufacturer, and provider of optical fiber, fiber optic cable, connectivity, fiber-to-the-subscriber (FTTx), and specialty fiber optic products. We put our development and manufacturing resources to work creating solutions for applications in such areas as telecommunications, medicine, industrial networking, sensing, aerospace, defense, and energy. We provide reliable, cost-effective fiber optic solutions that help our customers meet the needs of consumers and businesses today and into the future.

Headquartered in Norcross (near Atlanta) Georgia, U.S.A., OFS is a global provider with facilities in several countries worldwide. OFS is part of Furukawa Electric Group, a multi-billion-dollar leader in optical communications.
